

**RESOLUTION OF
THE UTAH STATE ADVISORY COUNCIL ON SCIENCE AND TECHNOLOGY
FOR INCREASED AWARENESS AND VISIBILITY OF COUNCIL ACTIVITIES
AND ACHIEVEMENTS ON UTAH CITIZENS**

WHEREAS the Utah State Advisory Council on Science and Technology was created for the unbiased professional review of key Science and Technology issues facing the State; and

WHEREAS the Council successfully addresses a number of topics across multiple disciplines throughout the year; and

WHEREAS visibility of Council activities are limited to few reporting vehicles; and

WHEREAS Council can only address the topics that are presented and made available; and

WHEREAS the Customers of the Council include the Legislative and Executive Branches of the Utah State Government, the general public need access information;

NOW THEREFORE BE IT RESOLVED THAT the Annual Report will be created in an executive summary format with detailed information placed on the Utah State Advisory Council on Science and Technology web site; and

BE IT FURTHER RESOLVED THAT a cost effective marketing brochure will be created providing information on who is served, what activities are performed, and how to contact the Utah State Advisory Council on Science and Technology for action; and

BE IT FURTHER RESOLVED THAT the brochure and web site will be used to inform Utah industry on the mission of the Utah State Advisory Council on Science and Technology specifically covering research, environmental, and technology sectors; and

BE IT FURTHER RESOLVED THAT the Utah State Advisory Council on Science and Technology will send a consistent, recognizable invitation to the Governor and Legislature prior to each meeting, holding the meetings in committee rooms at the State Capital; and

BE IT FURTHER RESOLVED THAT the Utah State Advisory Council on Science and Technology will set an annual fixed meeting schedule, publishing that schedule, sending the annual schedule along with the Council brochure to the Legislature and Governor; and

BE IT FURTHER RESOLVED THAT a procedure for creation of the meeting agenda of the Utah State Advisory Council on Science and Technology will be adopted, routinely used, and made available for review.
